Utica, NY 13501

Dear Diana:

Thank you so much for being a part of our division-wide women's convention in Orlando. I am grateful for your willingness to present seminars for us, which helped make the convention a success. We received excellent evaluations from those who attended your seminar, all of them saying they were blessed and empowered by what they learned from you.

May God continue to bless you as you minister to His daughters.

Sincerely,

Carla Baker
Women's Ministries Director
